

A full spectrum of superfoods, antioxidant rich berries and fruits united to provide a powerful source of plant-based superfood nutrition!

## A full spectrum of superfoods, antioxidant rich berries and fruits united to provide a powerful source of plant-based superfood nutrition!

Lion's Mane mushroom offers cognetive, immune and digestive support.1

NÜVIVE™ BOOST features the superfood combination of Organic Lion's Mane Mushroom, CherryPURE® Tart Cherry Extract, Swiss sourced Bilberry extract, and FruitOX® - a clinically tested proprietary blend of standardized fruit extracts from Spain providing a wide spectrum of natural flavonoids and polyphenols with a rich and diverse antioxidant profile all blended to perfection in a powder that mixes well with MemoryWorks, juice, water or your favorite beverage.

## NÜVIVE™ BOOST Ingredient Benefits at a glance:

Lion's Mane Mushroom (Hericium erinaceus) is a strikingly beautiful medicinal mushroom that appears as a white waterfall of cascading icicles and is found on broad leaf trees and logs. Lion's Mane Mushroom is one of the most interesting medicinal mushrooms: the tea made from Lion's Mane mushrooms has been used for centuries in traditional Japanese herbalism, primarily as a "tonic." The modern scientific research now tells us the beta glucans as well as other components in the mushroom tea offer immune and digestive support among other health benefits.<sup>†</sup>

Recent studies also show that hot water extracts of Lion's Mane mushroom may promote memory, concentration and cognitive abilities. This research indicates that the hot water/alcohol extract of Lion's Mane may support the synthesis of Nerve Growth Factor (NGF).<sup>†</sup>

- USDA Certified Organic Hot water extract from 100% Lion's Mane fruiting bodies providing Beta-glucans<sup>†</sup>
- Provides myco-nutrients, which support natural immune system health<sup>†</sup>

NÜVIVE

ROOST

Supports mental clarity, focus, memory and cognitive function<sup>†</sup>

CherryPURE® Tart Cherry Extract is packed with potent antioxidants called anthocyanins that give them their deep, dark color and provide numerous health benefits. In addition to promoting cellular health in general, including heart and brain health, they also promote faster recovery of isometric strength and muscle function after exercise. That means faster relief from the minor aches, discomfort, and stiffness that can follow everyday muscle exertion.<sup>+</sup>

- Supports muscle recovery after exercise<sup>†</sup>
- Faster relief from aches and stiffness associated with muscle exertion<sup>†</sup>
- Packed with powerful brain / body healthy antioxidants called anthocyanins<sup>†</sup>

## DIRECTIONS:

As a dietary supplement, take one heaping premeasured scoop once per day. We recommend you add one scoop of NÜVIVE BOOST to MemoryWorks every day. NÜVIVE BOOST Can be taken with food or without, on an empty stomach or as recommended by your healthcare advisor.
